VALLEY PRODUCE COMPANY
Product of Australia

About VPC

Valley Produce Company was established by passionate, renowned Australian chef, Christopher Smith, and is proud to be one of Australia's most recognised and respected gourmet food companies. They source many ingredients from the Yarra Valley in Victoria - hence the name Valley Produce Company - which is renowned as one of Australia's most prestigious food and wine regions. Valley Produce Company specialises in a range of cheese condiments and infused olive oils, and is particularly renowned for their *Fruit Pyramids*, *Crackerthins* and *Truffle Infused Honey*. They are currently supplying to David Jones and selected gourmet delicatessens, restaurants and food stores throughout Australia, and have expanded internationally to America, Canada, Hong Kong, England, Dubai & New Zealand.

About Christopher Smith

At the age of 16, Christopher Smith began working at one of Melbourne's most prestigious restaurants, Marchetti's Latin, where he worked under Bill Marchetti, previously one of Australia's most respected chefs. From there, he gained valuable experience working at other prestigious restaurants in Melbourne, including Adelphi, Wildflower and Chateau Yering. In 2000, at the age of 23, he decided to hang up his chef's apron and concentrate on producing his own brand of gourmet food under the label Valley Produce Company. Having spent so much time as a professional chef and food consultant, Christopher works food like a dream. He understands the importance of flavour combinations, as well as balance and intensity of flavour. Christopher is extremely passionate about food and makes absolutely no compromise when it comes to quality.

About VPC Products

The *Fig & Almond* and *Apricot & Pistachio Fruit Pyramids* are made from 1lb of reduced fruit and contain no added colours, flavours or preservatives. VPC *Fruit Pyramids* are perfect served with blue, brie and cheddar cheeses. Unlike most other fruit pastes, VPC *Fruit Pyramids* are made by hand, contain 75% fruit and have no added pectin or fillers. The *Crackerthins* are a premium water cracker and are great with fine cheese and VPC *Fruit Pyramids*. VPC *Flatbreads* are twice-baked and spiced with a traditional blend of Italian herbs, garlic and Australian sea salt. Only fresh black Perigord truffles from France are infused into the *Truffle Honey* which is made from Australian red gum and clover honey from the Yarra Valley. VPC *Truffle Infused Honey* is a delicacy drizzled over blue cheese, prosciutto and fresh figs. Made with premium couverture chocolate, glace fruit & roasted nuts, the *Olivia's Chocolate Panforte* is great with coffee, on cheese platters or as a delicious gourmet indulgence. The *Luxury Nuts* are a premium selection of nuts that have been roasted with a special blend of herbs & spices. The VPC *Extra Virgin Olive Oil* comes from The Murray Valley region in north-west Victoria, Australia and is a combination of Nevadillo Blanco, Corregiola & Frantoio olives. The result is an *Extra Virgin Olive Oil* with great intensity and length of flavour - a very complex, fruity & smooth olive oil. The *Lemon Oil* has been infused with organic lemons and is by far the best lemon oil in Australia, having previously won a gold medal in Italy. The purity of the *Garlic & Rosemary Oil* makes it perfect for dipping with fresh, crusty bread.

Point of Difference

VPC takes pride in using the finest quality ingredients to produce a superior range of restaurant quality products with strong artisan roots. The products are hand-made in small batches with longer cooking times to ensure consistency and quality of product. As Christopher says, "I always strive to create a unique and enjoyable experience for my customers by producing a range of quality products to enjoy at home with family and friends. The products are only made in small batches to retain the flavour, texture and nutritional quality of each product". VPC is renowned for their unique range of packaging and quality of service. In-store tastings are conducted at various stores throughout Australia and overseas, as well as 'meet the maker' tours and cooking demonstrations by Christopher Smith. These all allow consumers to enjoy the VPC experience.

Food Processing Awards, UK (2006)

VPC Fruit Pyramids - *Product of the Year - Finalist*

Great Taste Awards, London UK (August 2005):

Extra Virgin Olive Oil - *Gold Medal* / Lemon Infused Olive Oil - *Silver Medal*

Retail

Valley Produce Company is one of the most successful cheese condiment manufactures currently supplying to the world market. The increased consumption of cheese worldwide, consumers now have a more sophisticated palate in regards to cheese and are enjoying new tastes and experiences. VPC has found a successful niche in developing a range of quality & innovative cheese condiments which are a successful value-add product range for leading retailers. Our success is not only attributed to the quality and uniqueness of our products, but also to the dynamic marketing strategies we adopt to drive sales for the retailer.

Foodservice

We are also emerging as a foodservice manufacturer.

Our products are very popular with leading chefs, caterers and airlines like Emirate airlines because of our innovative high quality specialty foods.

All the VPC products come in food service sizes and we can tailor make a VPC product to suit a customers specific requirements.
